

Application to Adopt An Irish Red and White Setter

Name

Address

Telephone

Mobile

Email

Date

Are there any children in the home?

Ages

Do you own other dogs?

What breed are they?

Are they: Neutered/Spayed

Sex

Ages

Do you have cats?

Do you have other pets/livestock?

About them

Is someone home all day?

If not, please explain your working hours and arrangements for the dog's care while you are out:

How long would the dog be left at any one time?

Have you got a secure, enclosed garden?

Please describe your garden, including height of fencing:

Are you on or near a busy road?

Have you access to good safe walks?

Have you had an Irish Red and White Setter before?

What other breeds have you had in the past and what happened to them?

Are you, or have you been, banned from keeping animals?

Do you own your own home or are you renting?

If you are renting do you have your landlord's permission to take in a rescue dog?

Do you have a current vet?

Please give us the vet's details, including phone number/email address:

Are you prepared to travel to collect a dog?

Are you prepared to deal with the many problems involved with taking on a rescue dog? Eg., nervousness, chewing, house-training, lead and recall training.

What age of dog are you considering?

Please remember that IRWS can live

well into their teens and remain active into 'old age'.

What sex would you prefer?

The more flexible you can be the sooner a dog may become available.

Would you mind telling us what age group you are in?

Have you any health issues that could affect your ability to care for the dog properly at all times?

Please tell us why you would like to rescue an Irish Red and White Setter and what you feel you can offer the dog.

Thank you for taking the time to complete the form. We will keep your details on file and contact you when a suitable dog becomes available.

Please complete, save and return your form to the Rescue Secretary at:
