These three puppies were all at different stages of development.

1st Ward's Roanjora Cremant De Lux Copperwhite. What a super well balanced puppy and at just six months he just oozed quality throughout. Balanced head with a good eye and expression. Strong neck, well placed shoulders and excellent depth and substance for his age. Well angulated quarters and such a sound and steady mover for his age. BPIB

2nd Jones's Roanjora Cremant Burgogne. Another quality puppy but just not as forward as the winner. Good head and eye, pleasing neck and shoulders, straight in front, quality bone along with well developed hindquarters and good wide of second thigh. Moved well when settled.
