What a lovely day I had judging IRWS, such a great honour and privilege to go over some lovely exhibits, so thank you to those exhibitors that entrusted me to preside over their special charges. Thanks must also go to the Society who gave me the opportunity to have this special day. I would also like to thank my stewards who kept me in check and the ring flowing smoothly.

Irish Red And White Setters

Veteran Dog (2) 1. Taylor's – Laoirebay Monte Carlo. Substantial dog of good type with a well balanced outline, broad in skull with a defined stop, good colour to eye and ears nicely set, strong neck of a good length set into a well laid shoulder, nice bone to forelegs, good depth in chest carrying a well sprung rib back to a good loin showing width and strength, neat bend in stifle upon which he carried well toned 1st and 2nd thighs, moved cleanly for and aft and covered the ground with a good reach. BVIB. 2. Wards – SH CH Cornadore Argyle with Copperwhite (IMP POL). Couple of years older than 1st but still with a lot to like, showing a clean outline on the initial stack, head of good shape and proportions, good dark eye, strong through neck set to a well laid shoulder, good depth to chest and of a decent width, plenty of well sprung rib back to a strong well muscled loin, 1st and 2nd thigh good on a well bent stifle, his movement was what let him down today it was a little laboured not as crisp as I've seen him do before, but we're all getting a little older.

Not a lot between the first two today, this boy again has a balanced strong muscular outline, with a good shape to skull and defined stop, nice dark eye, moderate length in a well muscled neck which smoothly flowed into a good lay back in shoulder, deep chest carrying well sprung ribs back to a strong loin, well toned thighs complete the strong athletic look, moved with a driven action just not as much reach as I've seen before from him.

Good looking well balanced young dog with a good outline, nice dimensions to skull, well muscled neck fitting well into a well laid shoulder, good return of upper arm, well boned on a straight foreleg, deep in chest with good width, well sprung ribs carried back to a strong loin, neat in rear pastern and with close knit feet, moved well in a clean driven

Puppy Bitch (2) 1. O'Kelly & Hancock's – Coolfin The Ecstasy Of Gold At Caradilis. Litter sisters in this class, both of a similar outline when presented on the initial stack, this young bitch was showing a little more substance overall, with a good dark eye and intelligent expression, defined stop on a good shaped skull, nice length to strong neck, good depth in chest with well sprung rib carried well back, good length to leg from hip to hock carrying well toned muscle, moved in a steady effortless action. BPIB 2. Jakins – Coolfin Baltic Turn The Page. More feminine in head than first but still with a good stop and with a good dark eye, neck of a good length flowing into a neat shoulder placement, good depth to chest still developing, topline level with muscle through the loin onto a moderate rear carrying some good muscle on the thighs, movement was steady but a longer gait may have been more advantageous.
